

Behavioral Health Application
Proposed Minimum Data Based on BH MIS WG Meeting, December 6-7, 2001
(Revised as of WG Conference Call January 24, 2002)

The following represent the Workgroup's proposed minimum data fields that need to be collected by any site providing behavioral health-related care. Drivers for these data needs include:

- Improved clinical care
- Congress
- Billing/ Collections
- Research
- GPRA and other reporting requirements

Data Type	Field	Pick Lists
